VELOVITA MLM PRODUCT AND BUSINESS OVERVIEW

**It is rare to find one of the new MLM companies worth
wasting my time and energy in writing a review but
VeloVita is a exception to the rule**

INTRODUCTION

My name is Steven Jackson and I have been an entrepreneur, network marketer, online marketer. eBook author and podcaster for many years, because I feel it ticks all the boxes for me and gives me the financial freedom and the global independence I have always desired.

Joining VeloVita was a simply decision for me. It came down to a phone call and a chat about meeting for dinner. I wasn't really looking for something new or in need of extra money. It just seemed like an interesting business opportunity and a space in my timetable to commit to it.

Also, I believe that we are all considering the global situation in regards to work. We all need work and even though we may be able to leave our homes we all understand this new paradigm we live. We all want to believe that it cannot possibly happen again, but we all know that in the future an event like the corona-virus will return.

HOW CAN VELOVITA HELP YOU?

I asked myself the same question and determined that it will help us all be prepared. Online shopping and online businesses are going throw the roof. And since April 2020 online shopping has spiked and then sustained to a much higher level than before. The trend towards online shopping is ever increasing and VeloVita will be there allowing people like you and me to make money from home. The importance of what I am saying is profound, because it means you can always have a plan B ready and waiting. To have a plan B means simply to have the ability to help and support your family when your tradition employment cannot.

WHAT IS VELOVITA?

VeloVita is a newly started network marketing company (May 2020) based in Miami, Florida. It has only one product, which makes it a lot easier to market than having a large selection of products. The product's name is called Brân reimagined, which is a nootropic natural brain enhancer supplement. Its main role is to support healthy brain and energy levels.

Are there any risks to joining new MLM companies?

VeloVita is a very new company, which is true, however the Gara Group is providing all the development solutions. Gara Group has a history of supplying many network marketing companies. This means that VeloVita is not a completely new start-up even though it is new. They already have the infrastructure and the support team in place to be successful.

Kosta Gara - CEO and Founder

- 27 years of success as a distributor, owner and vendor
- Has built global teams of over 1 million reps
- Achieved over 500 million dollars in sales
- He is a three-times Amazon best-selling author

Jeff Mack - Co-Founder and President

- 30 years of success as a distributor and consultant
- He has been a top earner in 3 international companies
- He is an international best-selling co-author

MAKING MONEY

HOW DOES SOMEONE MAKE MONEY WITH VELOVITA?

A relationship with VeloVita can be as a customer, as an affiliate or as a member. Depending on what you are intending to do with VeloVita will depend on what choice you make. I am not going to say much about being a customer, because it is self explanatory.

Affiliate

The affiliate concept VeloVita offers is quite unusual, because it allow the affiliate to make money as a direct sale rep without having the MLM option. This mean that an affiliate can dropship the products via a eCommerce website and VeloVita ships it to the customer. There is no extra fees involved and the affiliate earns 10% from their online sales.

Member

The second option is for those interested in network marketing and building a team online. It allows you to enroll people into your business and place then in your downline and earn commissions.

MLM BUSINESS MODELS

VELOVITA BUSINESS MODEL

For those of you who have been in the MLM industry for a while you may already have an understanding of the different models used in MLM. There are three basic model types:

- Breakaway model
- Unilevel model
- Binary model

There are argument for and against all the models, but in my opinion is depends of the product type and the goal of the company that define the model. The the case of VeloVita the Binary model is being used within the reward plan.

Binary model in short

The binary model in MLM uses a two leg structure (left and right leg) where your downline is placed. The model requires the member to enroll or recruit two people to access the plan.

THE VELOVITA BINARY MODEL AND REWARD PLAN

I am not going to go too deeply into the compensation plan, but like any business, customers need to purchase the products for it to work, so there need to be retail customers.

In addition, there is a bonus for referring people that purchase products such as affiliates. There is also a residual commission that is paid via a binary team cycles.

THE COMMISSIONS ARE BROKEN DOWN INTO PAYMENT BONUSES:

- Referral Bonus (paid weekly)
- Team Commission Bonus (paid weekly)
- Royalty Matching Bonus (paid weekly)
- Lifestyle Bonus (paid weekly)
- Quarterly Partnership Bonus (paid quarterly)

VELOVITA PRODUCTS OVERVIEW

There is only one product, which makes life so much easier for the network marketing professional. The product is a brain boosting energy drink that comes in a small packet, so delivery cost are really low.

The products name is Brān which offers a nootropic with cutting edge nanotechnology. This means it is absorbed far quicker into our bodies and directly to the brain. This gives the user instant natural brain boosters and body energizers. In addition, Brān has a blend of 16 nutrients for a better sustainable energy boost and mood enhancer. This also helps the body to burn glucose and stored body fat.

So things do not get too boring there is three flavors:

- Chocolate sea salt

VALEVITA PRODUCT TESTIMONIALS

"What I love about Brān is that my head feels clear even when there are a million things to do! Usually when life is busy and so many things are happening at the same time and everything seems important, instead of my thoughts racing around and pinging all over the place, it feels like the contents of my brain is filed and organized!"

Mary A., Frisco TX

"Everyday at 3:30 I hit a wall. Productivity goes way down, eyes get heavy, and I can't wait to take a nap. I took Brān at 2:30 today and I'm still going strong at 9pm! Nothing jittery or uncontrollable, but consistent energy and I've been more focused and productive than the first part of my day!"

Jake L., Carrollton, TX

"As an owner of two technology companies, I live in a changing world of high stress. I am always looking for an edge, not just in my business, but also in my personal projects and overall lifestyle. After years of research, all roads lead to Mental Energy! Brān ReImagined is one thing that I can do that positively affects all the things that matter. You have to see what its like to have your Brain on Brān!"

CONCLUSION

Firstly, Velovita has launched only in May 2020 with a record-breaking conversion rate, which is always a good sign. So, in that sense, if you are thinking about a new business with VeloVita, you had better find your patch of beach fast. There is no doubt that when a rare opportunity like this knocks on your door, decisions need to be made fast. I don't necessarily mean that jumping in at the start is the best policy, but when a company is started by people like Kosta Gara and Jeff Mack you sit up and listen. These gentlemen have lived through decades of the ever-changing direct sales model and the gig economy landscape and still managed to be success.

In my opinion, you have been lucky enough to find one of the best MLM companies to join in 2020. In addition, there has not been a better time to have a second income, because nobody knows what the future brings. So if you are interest in getting in at the start with one of the best **new MLM companies** around, click on the source link below and add your name, email address and short message on the form.
